Technical Data Sheet

When empty, rinse all containers thoroughly with clean water before discarding.

Use only approved materials for pumps, piping, and hoses.

SAFETY

Persons working with Proxitane® EQ should be familiar with personal protective equipment, first aid measures and the proper safety and handling procedures. Consult the Safety Data Sheet (SDS) for appropriate information.

Prevent accidental decomposition by keeping the product free of contaminants.

Prevent fires by avoiding accidental spills. Water is the preferred method for extinguishing fires in which Proxitane® EQ peroxide is present.

Spills and leaks should be contained, diluted with copious amounts of water and disposed of in compliance with local regulations.

Proxitane® EQ storage or handling areas should be equipped with a safety shower, an eyewash station, and a water hose.
